

INVITATION

Ethiopia: Focus on Agriculture

WEBINAR- 28 JAN 09:15 -12:00(AMS time)

The Ethiopian government attaches a high importance to agriculture and is looking for potential investors to be engaged in the sector. The webinar is aimed at providing an understanding of agricultural opportunities to potential Dutch investors, create a platform for exchange of ideas and experience sharing and facilitate interaction and networking among participants. We have attached the concept note for the webinar and program for detailed information.

We are coordinating with the embassy of the Netherlands in Addis Ababa with a view to make the webinar a success. In this connection, we believe your esteemed company's participation is important as we have received recommendation that you may wish to explore business opportunities overseas.

REGISTRATION:

thehague.embassy@mfa.gov.et

until 25th January
