

Policy & Strategy

LAN vision on Agriculture in Colombia & Peru

- Inclusive growth of the Colombian and Peruvian countryside
- Feeding the Colombian and Peruvian cities
- Colombia and Peru as agricultural powerhouses
- Sustainable agriculture value chains

Circular Agriculture agenda in Colombia

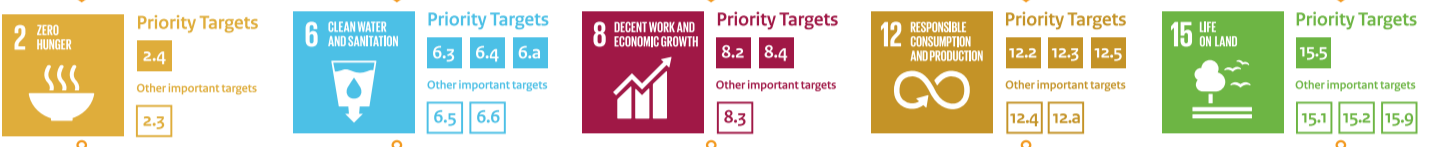

- "Water for agriculture" in the oil palm, banana, flower and coffee sector
- Valorization of biomass in the oil palm, banana and coffee sector
- Reducing use of and re-using plastics in the banana and flower sector
- Integrated Pest Management (IPM) in the oil palm, banana and flower sector
- Protein transition for the poultry and pig sector
- Valorization of manure in the poultry and pig sector

Circular Agriculture agenda in Peru

- "Water for agriculture" in the coffee sector
- B2B platform & living lab in sustainable soil management
- Responsible Business Conduct (RBC) in large scale crops

Sustainable Development Goals

LAN ANDES will focus its work the coming years on the following Goals and Targets

Projects 2023

Market access in the working area.

Assisting Dutch companies, knowledge institutes and NGO's with their activities in the working area.

Circular Agriculture

feeding the cities

Putting theory into practice

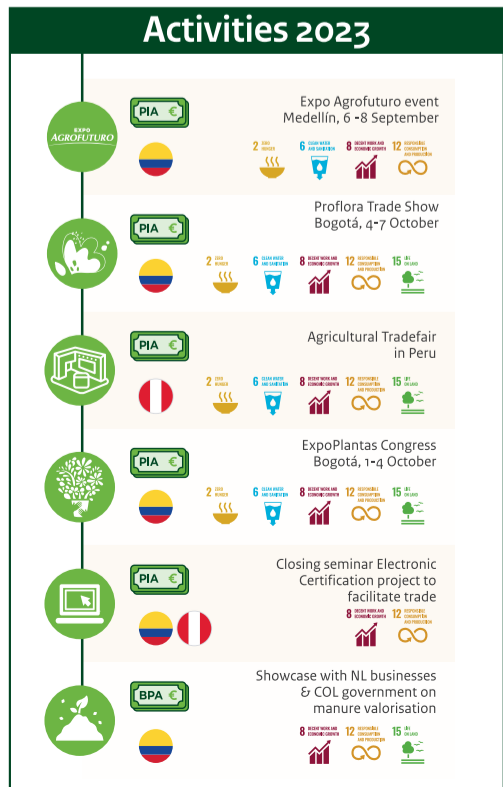

Biodiversity

FORESTS & LAND ISSUES

- Integrated river basin management in the Magdalena region
Resources: LNV, PvW
- Towards improving water security by Aquifer Storage and Recovery in Magdalena - ASR4WS
Resource: PvW
- Project development Partners for Water - Liaise with GEF Magdalena
Resource: PvW
- Assessment of usage and re-utilisation of plastics packaging for flowers
Resource: PSD
- Updating research report of circular palm oil mills
Resource: LNV
- Saline agriculture in the Caribbean Colombia
Resource: PSD
- Building a regional insect cluster towards a protein transition
Resource: PSD
- Development of a B2B platform & living lab in sustainable soil management
Resource: LNV
- Pilot circular and inclusive coffee production in Jaen
Resource: PSD
- Sustainable reporting organic banana cluster
Resource: PSD

- Hortifuturo: Development of the horticultural sector
Resource: PSD
- Capacity Building in protected horticultural food production
Resource: PSD
- Dutch-Colombian cooperation on Anti Microbial Resistance
Resource: PSD
- Fact-Finding Study of the avocado sector: insights into the environmental footprint
Resource: PSD
