#### **Project description**

The collective participation of 19 Dutch companies at three international agricultural exhibitions Agro Animal Show, Fruit, Vegetables, Logistics & Grain Tech Expo (hereinafter referred to as Holland Pavilion) was organized in the period 21-23 February 2018.

The event took place in Ukraine: Kyiv, International Exhibition Center, 15 Brovarskiy ave. All three exhibitions were held in the same exhibition center in the same time frame.

The following Dutch companies were represented at the Holland Pavilion either directly or via Ukrainian partner-companies:

- 1. Agrico Ukraine / www.agrico.com.ua
- 2. Agrovent / www.agrovent.com.ua
- 3. Alta Genetics Ukraine / www.altagenetics.com.ua
- 4. Bejo Ukraine / www.bejo.ua
- 5. CPM Europe / www.cpmeurope.nl
- 6. Difco International / www.difco.nl
- 7. FoodTechLink Ukraine / www.foodtechlink.com
- 8. HZPC Ukraine / www.hzpc.com.ua
- 9. JOZ / www.joz.nl
- 10. Kanters Special Products / www.kanters.nl
- 11. Lely Robotics / www.lely.com
- 12. Meyn Poultry / www.meyn.com
- 13. Mooij-Agro / www.mooij-agro.nl and PRINSEN / www.prinsenbv.com
- 14. Nuscience Group / CHV Korm / www.cehave.com.ua
- 15. PLUS for progress in agriculture / www.plusforprogress.com
- 16. SoilCares / www.soilcares.com
- 17. Tolsma Ukraine / www.tolsma.com.ua
- 18. Unifreezing Food Processing Technology / www.unifreezing.com
- 19. Wynveen International / www.wynveen.com

The Holland Pavilion was composed of two separate island stands with a total floor space area of  $260 \text{ m}^2$ . The plan of the Holland Pavilion and its location in the exhibition center will be indicated in the following sections of this report.

Agro Animal Show, Fruit, Vegetables, Logistics & Grain Tech Expo is the key event for the Dutch agro companies to present their products and services in Ukraine. The exhibitions are divided into the following thematic sections.

Technologies of livestock and poultry farming:

- Housing for livestock and poultry keeping;
- Equipment for livestock housing;
- Equipment for poultry;
- Equipment for pig breeders;
- Equipment for feeding and watering;
- Equipment for milking and milk cooling;

Kingdom of the Netherland

• Techniques and equipment for microclimate creation

#### Veterinary:

- Veterinary medicaments;
- Biological preparations and instruments;
- Biological security of livestock farms.

Forage production and storage:

- Forage harvesting machinery and equipment;
- Equipment for forage production and storage;
- Forage and feed additives.

#### Genetics:

- Instruments and materials for artificial fertilization;
- Genetic material;
- Embryo transplantation;
- Equipment for pregnancy diagnostics

Equipment for products processing and storage.

Technologies and equipment for fish production.

Equipment for manure removal and waste management.

Equipment for laboratories, measurement instrumentation and automatic control systems.

Services and information.

Mass media and press.

Exhibition program featured:

- Conferences, seminars, round tables;
- Press conferences, business meetings;
- Presentations of national and foreign companies

The Embassy of the Netherlands in Ukraine organized the annual Dutch-Ukrainian Potato Forum on 21 February 2018 (12:30 - 16:30) in the framework of the business program of International Exhibition 'Fruit, Vegetables & Logistics'.

Other National Pavilions: Germany, France, Great Brittan, Denmark, Canada, China, Turkey. Exhibition hosted 550 participants and 170 foreign companies among them.

## According to preliminary calculations the exhibitions were visited by over 20.000 people this year.

### Holland Pavilion 3D design and floor plan

The Holland Pavilion total area including business lounge zone, kitchen, storage room: 260 m<sup>2</sup>

Kingdom of the Netherlands

### Holland Pavilion guide

The Holland Pavilion guide with general Holland promotion information and a short description of all Dutch participating companies: print run 1500 booklets (A6 format, 32 pages, full colour). Approximately 1000 booklets were distributed during 3 days of exhibition.

PDF preview file of Holland Pavilion guide is available at THIS LINK.

### Holland Pavilion paper bag

24x35x10 cm, 1500 pcs

Kingdom of the Netherlands

### Holland Pavilion bamboo ballpoint pen

Total amount: 600 pcs

#### Holland Pavilion evaluation

All 19 participants of the Holland Pavilion have been asked to fill out the online questionnaire (based on Google forms).

The results of evaluation are presented in table following THIS LINK.

### Conclusions

- The level of Agro Animal Show, Fruit. Vegetables. Logistics 2018 exhibition was good. Many companies show interest in participation next year.
- The location of the Holland Pavilion in the exhibition hall was good and easy to find for visitors.
- The majority of participating Dutch companies are satisfied with the organization of the Holland Pavilion.
- WiFi signal should be stronger, 10 Mb/s is not enough for ~50 users. At least 100 Mb/s should be ordered next time.
- The tables should be more practical. The current ones were not stable enough.
- There should be a board with company name and stand number on every booth.
- The storage room should be at least 2-3  $m^2$  bigger.
- The Holland Pavilion business lounge occupancy schedule should be optimized. This year it was constantly busy, mostly companies which don't have stands at the Holland Pavilion made use of it.
