

# Loggi Pack

■ FEIRA INTERNACIONAL DE EMBALAGEM E LOGISTICA

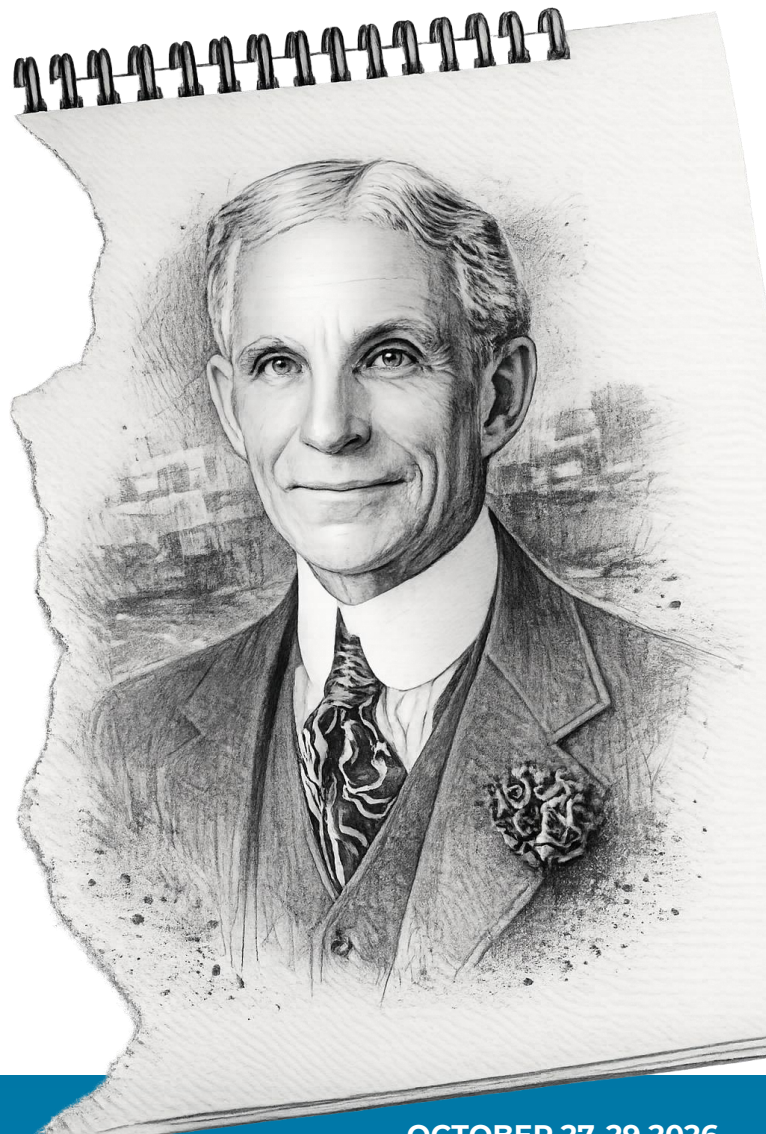

**27 . 29 OUT. 2026**

ORGANIZAÇÃO

Coming together is a beginning;  
keeping together is progress;  
working together is success,“

**Henry Ford**

**LogiPack** is a professional event dedicated to the packaging and logistics value chain, designed to bring together companies and industrial decision-makers in a context geared towards qualifying contacts and identifying business opportunities.

The first edition proved the relevance of the concept and enabled the positioning of the event within the sectors to be validated, clarifying its areas of specialization and development.

### LogiPack 2026 progresses towards new stages:

- **specialize** in different sectors (packaging + logistics as an integrated system),
- **enhance** the professional qualifications of the public and decision-makers,
- **evolve** towards a model more oriented towards the application of solutions, the development of projects, and the establishment of partnerships.

The interconnection between business exhibitions, networking events, and conference programs enhances the event's capacity to foster projects, partnerships, and business opportunities.

## HIGHLIGHTED TOPICS UNDER DEVELOPMENT 2026 GUIDELINES

### PACKAGING

- Design, materials, and sense of value
- New materials and technical solutions
- Packaging as an extended brand and experience
- Sustainability and circularity
- European regulations for packaging

### LOGISTICS

- Operational efficiency and smart logistics
- Digital transformation in the logistical chain
- Integration among processes, systems, and operations
- Applying sustainability to logistics
- Regulatory framework and operational impact

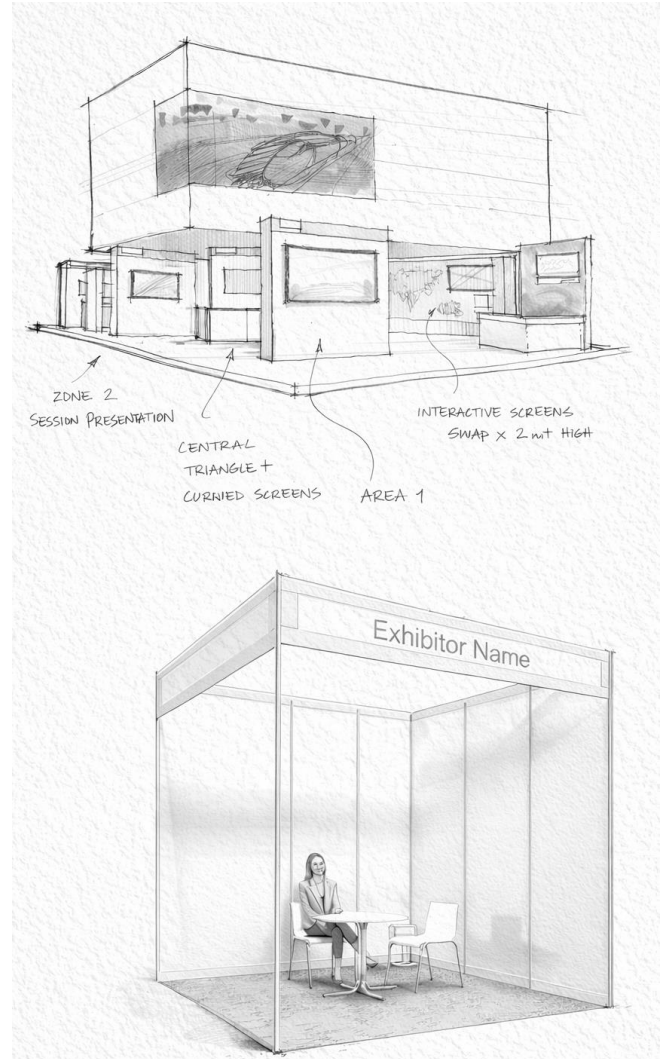

Participation fees are based on the number of open sides.

The organization offers standard stand participation solutions or customized designs tailored to each company's identity and objectives (both turnkey).

The minimum participation area is 9 sqm, with larger areas organized in a multiple of this size.

Each proposal is tailored to your company's profile and business goals, and the event staff is available to provide all the necessary assistance.
