## TERMS AND CONDITIONS

Task: "My Country"	
Date	11. – 12. 5. 2026
Theme	My Country
Type of work	<b>Floral installation for the built-up area of the city</b>
Task Description	The florist team will create a floral installation on the given theme. As part of their work, the florist team will present their country. The floral installation will represent the respective country.
Shape/Size	Freely chosen
Technique	Freely chosen
Requirements	The florist team will create a floral installation that represents the team's country. The floral installation must be self-supporting. It should last at least 6 days, provided it is regularly watered. Any type of construction is allowed. The floral installation must not damage the surface or its surroundings, as it will be placed in a heritage-protected area.
Materials	Any materials may be used, according to the participant's concept. The florist team will order fresh plant material from Czech suppliers. Information on ordering materials will be provided to each registered team. Technical and decorative materials can either be brought by the team or ordered through us. The florist team is responsible for providing and transporting their own structure.
Workspace / Exhibition Area	The florist team will work directly at the assigned location within the built-up area of the City of Děčín, where the team's final installation will be placed. Electricity supply will not be provided. A water source will be available.
